

Global warming of 1.5°C

An IPCC Special Report on the impacts of global warming of 1.5°C above pre-industrial levels and related global greenhouse gas emission pathways, in the context of strengthening the global response to the threat of climate change, sustainable development, and efforts to eradicate poverty

Third Lead Author Meeting

PRACTICAL INFORMATION

Registration

Registration to the meeting will be made directly in the Best Western Malmö Arena hotel. When checking in, you will receive your badge along with your Participant kit.

If you are staying in a different hotel, your badge and Participant kit will be available in the Help desk on Monday morning before the meeting starts.

Help Desk

A help desk, located directly when entering the Malmömessan, will be available during coffee breaks, break out group sessions and in the morning before the meetings start. Do not hesitate to visit us for any logistical or technical assistance.

Lunches and coffee breaks

Lunches will be kindly provided by our hosts on each day from Monday through Thursday (no organized lunch scheduled on Friday). They will be served in the Cloud Restaurant on the first floor.

Coffee breaks (one in the morning and one in the afternoon) will be available in the break area.

Availability of meeting rooms

For your convenience, chapter meeting rooms can be made available from 7 am to 10 pm. If you wish to use your chapter meeting room outside the official chapter meetings, please advise Clotilde or Elisabeth via email or in the help desk so we may inform Malmömessan security. Chapter meeting rooms will also be available on Friday 27 October afternoon.

Commodities

A shopping mall, including a food court, is located in front of Hyllie train station.

More information here: <http://guide.visitskane.com/en/to-do/a403296/emporia/showdetails>

Transportation from and to the hotel

As the recommended hotel is located just in front of the meeting venue, transportation will not be provided except on Monday evening (a bus will drive participants to Old City Hall and back to the hotel after the reception – more details in section “Events”).

Wifi

Wifi will be available in Malmömässan logging in at: MMassan_Open.
No password is required.

Events

Monday 23 October 19h00-onwards: reception in Malmö Town Hall

IPCC experts are invited by the Mayor of Malmö to attend a dinner on Monday evening in Malmö Old City Hall. Organized buses will take participants from the Malmömässan to the Old City Hall and back. Pick up time in front of the Malmömässan will be at 6.15 pm. Return trip after dinner.

Tuesday 24 October 19h00-20h30: Public event organized by Lund University

Malmömässan, Plenary Room Julia

Health, food and water – The need for innovations and new strategies in a changing climate

Lund University seizes the opportunity of LAM3 to invite some of the authors for a panel discussion together with researchers from Lund University and societal representatives. The panel will explore the challenges related to Health, Food and Water in a changing climate and the need for innovations and new strategies to tackle the challenges we are facing. Students with interest in these topics are very welcomed.

Preliminary program

- | | |
|-------------|---|
| 19:00-19:15 | Introduction from Prof. Markku Rummukainen , IPCC Focal point in Sweden
The role of the IPCC in managing climate change |
| 19:15-20:30 | Panel discussion on the topic
Health, food and water – The need for innovations and new strategies in a changing climate |

Moderator:

Adam Leckius, International Coordinator PUSH Sweden, B.Sc. student (PPE) at Lund University

Participants in the panel:

- Authors from the IPCC Special Report on Global Warming of 1.5 °C:
Prof. Kristie Ebi, University of Washington, Department of Global Health
Director. Aromar Revi, Indian Institute for Human Settlements (IIHS)
Prof. Petra Tschakert, The University of Western Australia, School of Agriculture and Environment
- Lund University representatives:
Prof. Lennart Olsson, Lund University, Lund University Centre for Sustainability Studies LUCSUS (Appointed Coordinating Lead Author for the chapter on land degradation in the IPCC Special report on Climate Change and Land)
Prof. Kenneth M. Persson, Lund University, Division of Water Resources Engineering
- Societal representatives (TBC)
